LESSON PLAN

Lesson information			
Lesson plan title: Fractions — equal parts			
School:	Presentation School		
Name of teacher:	Chipo Teacher	Class:	Grade 4
Date:	20/10/2026	Time:	09:00–09:40
Duration:	40 minutes	Total no. of learners:	30

Lesson detail			
Subject:	Mathematics		
Topic:	Fractions	Sub-topic:	Equal parts
General competencies: *(tick all that apply)*	Critical thinking ☒ Collaboration ☒ Creativity ☒ Innovation ☒ Communication ☒		
Specific competences:	SC no. 4.1	SC: Represent equal parts	
Lesson goal:	Recognise one half.		
Rationale:	Practise fair sharing.		
Prior knowledge:	Count equal objects.		
References:	Original classroom material.		
Learning environment: *(tick all that apply)*	Natural ☒ Artificial ☒ Technological ☒		
Teaching and learning materials/ resources:	Paper circles		
Expected standard:	Identify two equal parts.		

Lesson progression

Stages	Teacher activities	Learner activities	Assessment criteria
Introduction:	Show one half.	Fold paper.	Two equal parts.
Lesson development:	Show one half.	Fold paper.	Two equal parts.
Exercise/assessment:	Show one half.	Fold paper.	Two equal parts.
Homework:	Show one half.	Fold paper.	Two equal parts.
Conclusion:	Show one half.	Fold paper.	Two equal parts.
Reinforcement:	Show one half.	Fold paper.	Two equal parts.
Extension:	Show one half.	Fold paper.	Two equal parts.

Lesson evaluation

(Reflect on how the lesson went. What went well? What could you improve? Ask learners to reflect on what they enjoyed and what they found difficult.)

Learners explained equal shares.
